Education	Institute	Year	Marks
Bachelors in Commerce Hons.	Maharaja Surajmal Institute	2021-2024	9.41 GPA
Higher Education	Mount Carmel School	2019-2021	91%
Primary & Secondary Education	N.K.Bagrodia Public School	2009-2019	93%

PROFESSIONAL EXPERIENCE

Open Source Contributor | Social (Formerly Script Foundation) Jun 2023 - Aug 2023

- Actively contributed to open-source React, Next, and Django projects as an Open Source Contributor, collaborating with a diverse developer community.
- Enhanced functionality, fixed bugs, and improved overall code quality through active participation.

Web Developer | Campalin Innovations Dec 2022 - Jan 2023

- Collaborated within a team to design and implement responsive web solutions, utilizing HTML, CSS, and JavaScript.
- Ensured an enhanced user experience and met project requirements, aligning with the client's needs.

Investment Banking Fellow | Marquee Equity Fellowship Program May 2022 - Jul 2022

- Delivered high-quality preliminary research and conducted in-depth analysis of qualitative and quantitative financial data.
- Provided valuable insights on diverse financial topics.

PROJECTS

Chat App | React, Appwrite, Redux-toolkit, Vite [Project Link](#)

- A modern, real-time Chat Application built on React using Appwrite for secure user authentication, delivering an immersive chat experience with seamless real-time messaging and persistent user data storage.

Compresso (Article Summarizer App) | React, RapidApi, RTK Query, Tailwind [Project Link](#)

- Crafted an article summarizer with a modern React and Tailwind CSS UI, seamlessly integrating APIs for efficient article processing. Simplify reading, save time, and effortlessly grasp main points with clear and concise summaries.

Code Diary | Next.js, Auth.js, MongoDB Atlas, Tailwind [Project Link](#)

- A dynamic platform for tech enthusiasts to share coding journeys, insights, and tips. Built on Next.js with MongoDB Atlas for data management and NextAuth for secure authentication along with Tailwind CSS for engaging UI.

Portfolio Website | Next.js, Tailwind, Framer, Netlify [Project Link](#)

- Developed a visually appealing and interactive portfolio using Next.js and Tailwind CSS. Implemented smooth animations, responsive design, and optimized performance to showcase my skills and projects effectively.

TECHNICAL SKILLS

Languages	Python, JavaScript, TypeScript
Frontend	HTML/CSS, Bootstrap, Tailwind CSS, React, Next.js, Redux, Figma, Framer, React Native
Backend	Node.js, MongoDB, SQL, Django, Appwrite, Prisma
Tools	Git, GitHub, VSCode, Heroku, Netlify, Vercel

ACHIEVEMENTS

- HackSquad 2023 Winner (Ranked #11 out of 2000+ teams)
- Secured College Rank 2 and University Rank 4 in the first year.
- Secured College Rank 3 and University Rank 7 in the second year.

CERTIFICATIONS

- Introduction to Back-End Development | Meta Inc.
- Python Django - Complete Course | Udemy
- Learning the JavaScript Language | LinkedIn Learning
